- REACT
- Node.js
- JAVASCRIPT
- JQUERY
- MY SQL

Experience

As a recent graduate of PNY Trainings and an aspiring Full Stack Web Developer, I've learned the basics of building websites, both the parts people see (like buttons and images) and the behind-the-scenes stuff (like servers and databases). I'm enthusiastic about keeping up with the latest tech trends and quick to learn new things. I'm excited to start my career and grow as a developer in a supportive team.

Education

Punjab College (sialkot)
Matric:
science (BISE GRW)
